Dear Mr. Powell:

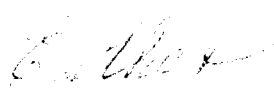

I received the report on 1985 Griswald reunion and was so happy to get to read all about it.

In the "Northwestern Pennsylvania" November 18, 1981, page 19 where it tells about Rev. Curtis born in England 1800 the youngest of twelve children, does any one have the names of those 12 children?

I am enclosing a letter from Rev. Lyle Curtis who lives in Wisconsin, author of a most interesting book on Joseph - "When Dreams Come True". It would be interesting to know if he is a relative.

Also I am enclosing a file that my Mother had on the Banning family and also a letter written to Mother in 1904 from her Aunt Julia.

Sincerely yours,

Esther (Patey) Forsberg

P.S. Inclosed is \$2.00 for the next Reunion letter and \$10.00 for Griswald Family Assn. I would like to have the file back but you might like copies.
